Psalm 119 - 105

“Your word is a lamp for my feet, a light on my path”.

Do you have an up to date roadmap in your car, to help you on the journeys you make also do you have a big torch and an emergency pack to cover every eventuality when you begin a journey? We really should carry all this in the boot of the car whether it be a trip we know well or one that takes a long time to travel. It is a bit like our lives, we have to make decisions every day, and we need to make the right decisions or the consequences might just make the road we walk or drive unbearable.

Verse 105 from Psalm 119 reminds us that we need the God map to keep us on the narrow road. The bible tells us the way we should be living. We use the torches to guide us when we are out in the dark and we trust that light will show us the path is safe to walk along. And the instructions from Scripture are the same we need to trust in God to guide us through life. Without God in our lives we tend to fall and go along the wrong paths. Many have gone on to believe that they may make it on their own to be big leaders in the world, and in the Bible we see that it was the same then and we can see it in today's time. Forgetting that the Holy Spirit is walking alongside us whispering a reminder to listen out for God and to turn from doing without God in the world. If when God is in your life and you fall down, He will help you to get back up on your feet and be beside you. It is not an easy road being a Christian there are always pitfalls on the way. God never promised an easy way of life but he is with you when the pitfalls pull you down. God is at your beginning right to the end of life here on earth, he knows everything about you, you are his. All we need to do is to fully trust in his ways to keep to the path mapped out for us. Yesterday, Today, , Forever God will be with you trust in the Lord always until we meet with him in our eternal home.

Living Lord Thank you for keeping us on the true path let us be as lamps to the world and shine out in the darkness for all to follow in your way. Amen.
