Genesis 2:15 *“The Lord God took the man and put him in the Garden of Eden to work it and take care of it.”*

However one believes the world was created there can be no doubt that it is a masterpiece. It abounds with riches and beauty which is a constant source of wonder. And yet we abuse it dreadfully.

God, in putting Adam in the Garden of Eden left him with choices to make between good and evil and we are told he made the wrong choice. We are still making wrong choices today particular in our duty of care towards God’s garden. We plunder its riches; we pollute its land, sea and air; we scabble and fight to obtain more than we need.

Lord, help us to see this behaviour isn’t sustainable and guide us to nurture your creation by sharing and caring to benefit all people living in Your bountiful garden. Amen
