“From the time the world was created, people have seen the earth and sky and all that God made. They can clearly see His invisible qualities—His eternal power and divine nature. So, they have no excuse whatsoever for not knowing God.” (Romans 1:20)

What do you see when walking through a lovely park or along a river walk? There are so many beautiful natural things to look at. So many different flowers, birds, butterflies, trees so many and so colourful. You just have to thank God for making this wonderful creation of life and colour and most of all the absolute best gift of all Human life. Reading this verse from Romans 1 -20 can only enhance what God has created and no excuses for not knowing whose hand brought all creation to life.

If the time is taken to learn of what God has done, he will surely speak to you through the Holy Spirit. Raising awareness of all our senses, to feel, smell, and see all the great things that surround us in every changing season. Make yourself aware and understand more fully that God is working in and around you in his creation and see his all-encompassing love and let it fill you to overflowing and have no excuses for not knowing God.

Heavenly Father thank you for all the beautiful gifts given in the creation of our world. Help us to fully understand what we have and to love all of your amazing creation. Amen.
