Ps.25,5: *"You are God my Saviour, and my hope is in you all day long."*

1Jn.5,15: *"We know that he hears us."*

The story of God with mankind as told in Scripture by Himself helps us to understand our own story. One of the bright truths shining out of it is put well by one of our own story tellers, Selma Lagerlof. It is this that 'The power of God to help is so great there is always a way and a means for him to help you.'
