2<sup>nd</sup> Timothy Ch,3 verse 17

” 17 so that the servant of God may be thoroughly equipped for every good work.”

How many fancy devices do you have to make everything you do all works faster? We are told that they are meant to make life easier and much more exact. This is what we use in daily life, get to work, and all aspects of the way we go about things. What device do you think we might use in our daily Christian life.? Well can I just tell you it's the oldest device we all know. It is our bible containing God's word and this is a device we all need to live out our daily lives, the more we use this little but powerful device the better our lives will be and a knowledge far beyond our electronic devices can give us. The knowledge which will help us to cope with all that happens in life. It will give us the strength to carry on and to help others on the journey through life, with this we can then help others to see the word of God as a daily help, just like the devices we appear to depend on today to do things quicker and seemingly better.

They may help us to do our daily tasks quicker but they do not keep us in line with God who is the one who walks with us every day, helping us to live in his ways very well equipped to live life in full and to always love one another as he has loved us. Equipped by God's word and prayer and the Holy Spirit. We have a toolkit on tap ready to do all in the love of our Saviour Jesus Christ,

Dear Father, thank you for giving us the toolkit to do Your Will. Show us how each gift in it equips us for every good work. Amen
